Grenoble, 25 July 2011

O/Re. DO/ Safety Certificate from 25/07/11

**SAFETY CERTIFICATE FOR  
FOOD CONTACT APPLICATIONS**

**Product: PRIMAPHARM 40 g/m<sup>2</sup> Blanc NB 130 (RNB40W30)**

This certificate is based on:

- The requirements on composition and on purity given by the following regulation texts: French Decrees No 2007-766 and 2008/1469, German BfR Recommendation XXXVI, Regulation (EC) 1935/2004,
- The composition, enclosed with this certificate, and the normal and foreseeable conditions of use of the product, provided by Papeteries des Vosges,
- The respect of specific restrictions of use on non fibrous raw materials by Papeteries des Vosges,
- The safety certificates of all the constituents declared, given by your suppliers,
- The sample taken and provided by Papeteries des Vosges, referenced "**Primapharm 40 g/m<sup>2</sup> Blanc NB 130 (RNB40W30), fab. 26/04/2011, batch 81438**".

The product was tested according to the standards methods for testing papers and boards intended to come into contact with foodstuffs and recommended by the texts above mentioned. The analysis results are presented in the test reports 11.0719/2 and 11.0719/3 issued from July 2011.

Using the elements above mentioned, the criteria of composition and purity are considered suitable for an end-use of the product above mentioned in contact with dry and non fatty foodstuffs in normal and foreseeable conditions of use, temperature less than 40°C.

Moreover, an off-flavour test was carried out: the results are given in the test report 11.0719/1; their exploitation comes under Papeteries des Vosges responsibility such as the declaration of compliance of the product that Papeteries des Vosges has to make available.

The present certificate is valid from 24/06/2011 as long as no modification comes to affect the elements according to which it has been established, and this for 5 years maximum.
